## LIVCARE

An Effective Herbal & Nutrients to Promote the Liver & Lung Functions

PRESENTATION : 1L, 5L, 20L

**COMPOSITION**

- Eucalyptus globules, Mentha piperita, Trychospermum ammi, Origanum vulgare Terminalia arjuna, Sida cordifolia, Syzygium aromaticum, Commiphora wightii Ginger officinalis
- Liver injury is a clinically common disease. There are many disease causes including nutritional factors, disease factors, parasite factors, and poisoning factors. The main and basic pathologic symptom of many liver diseases is swelling, degeneration, necrosis, and apoptosis of hepatic cells.

**BENEFITS**

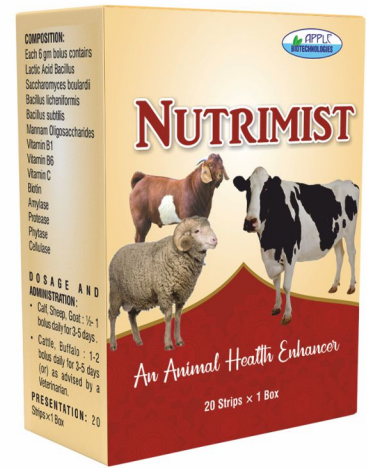

- LIVCARE helps in relieving of the animal stress under Abnormal conditions as well as prevents fatty liver an regenerates damaged hepatocytes.
- LIVCARE enhances feed taste and feed intake efficiency.
- LIVCARE speedup the breeding of livestock.

**DOSAGE:**

- Cattle & Buffaloes/Horse: 100ml/ Daily
- Calves, Sheep & Dogs :10 ml/ Daily (or) as advised by a Veterinarian.

## NUTRIMIST

An Animal Health Enhancer

PRESENTATION : 20 Strips X 1 Box

**COMPOSITION**

Each 6 gm bolus contains, Lactic Acid bacillus, Saccharomyces boulardii, Bacillus licheniformis, Bacillus subtilis, Mannam Oligosaccharides, Vitamin B1, Vitamin B6, Vitamin C, Biotin, Amylase, Protease, Phytase, Cellulase

**BENEFITS**

- Improves digestion, absorption and assimilation of Nutrients.
- Prevents growth of pathogens in the rumen and digestive tract.
- Increase milk production.
- Boosts immunity and body weight Prevents metabolic disorder.

**DOSAGE AND ADMINISTRATION**

- Calf, Sheep, Goat: 1/2-1 bolus daily for 3-5 days.
- Cattle, Buffalo : 1-2 bolus daily for 3-5 days (or) as advised by a Veterinarian.

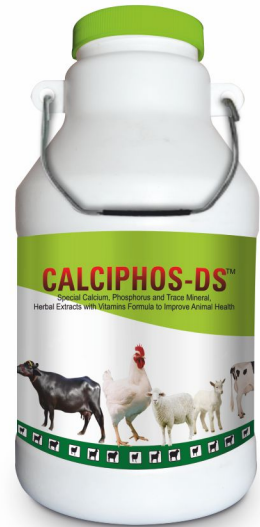

Manufactured By:  
**APPLE BIOTECHNOLOGIES**

Marketed By:  
**ABHIS BIOSYSTEMS PVT. LTD.**  
141/B, Road no. 14, IDA Mallapur, Hyderabad-500076  
Email : info@abhisbio.com

**PRESENTATION : 1L, 5L, 20L**

## CALCIPHOS-DS

Special Calcium, Phosphorus and Trace Mineral,  
Herbal Extracts with Vitamins Formula to Improve Animal Health

### COMPOSITION

Nutritional Value per 100 ml  
Calcium: 3700 mg  
Phosphorus: 1900 mg  
Vitamin D3: 16000 IU  
Vitamin B1: 2100 mcg  
Manganese Sulphate :200 mg  
Bio Active Chromium : 50 mg  
Zinc Sulphate: 250 mg  
Magnesium Sulphate : 15 mg  
Biotin: 20 mcg  
Satavari (Asparagus Racemosus): 4000 mg  
Jivanti (Leptadenia Reticulate): 2000 mg  
Jatamansi (Nigella Sativa): 600 mg

### BENEFITS

- Calciphos DS improves the animal bone and Muscle strength.
- Calciphos DS Ensures maximum Bio availability of Glycine.
- Calciphos DS Improves milk production to its maximum possible extent.
- Calciphos DS Prevents Hypocalcemia and milk fever.

### DOSAGE

Cattle & Buffaloes/Horses : 100 ml Daily  
Calves, Sheep & Dogs : 10 ml Daily  
Or as a Advised by a Veterinarian.

**PRESENTATION : 500g, 1kg  
Bolus : 5 Strips in one Box**

## RUMIBIO-LAC

Probiotics feed mix used for improvement of milk quality,  
Quantity, prevention and control of all types of Mastitis

### COMPOSITION

Lacobacillus acidophilus, Lacobacillus casei  
Vitamin E, Vitamin A, Vitamin D3, Riboflavin, Niacinamide, Biotin, Zinc Sulphate, Protein Hydrolysate, Copper Sulphate, Manganese Sulphate, Sodium Selenite, Trisodium Citrate.

### BENEFITS

- To enhance milk quality by lowering somatic cell.
- To enhance milk quantity.
- For prevention and control off all types of mastitis.
- Establish beneficial bacteria.
- To reduce hoof health problems.
- To repair the damaged epithelial lining of both gut and utter by supplementation of Vitamin A.

### DOSAGE

- For small animals: 15-20 gms. daily
- For large animals: 30-50 gms. daily
- Equine (Horse): 40-50g per Day or as advised by a veterinarian.

**PRESENTATION : 250g, 500g**

## FMDNILL

For Prevention of Foot & Mouth Disease (F.M.D)

### BENEFITS

- Provides the immune resistance to animal against Aphthovirus.
- Helps to heal up the pustules on toung gums and wound on hoofes.
- Improve the animal health and reduce death rate of animal.
- It stops the further blisters formation and further animal contamination.
- It reduces the animal stress and enhances the appetite.

### COMPOSITION

Eucalyptus globules, Mentha piperita  
Cinnamomum camphora, Origanum vulgare  
Ginger officinalis, Syzygium aromaticum,  
Sida cordifolia, Terminalia arjuna

### METHOD OF APPLICATION

- Take required quantity of FMDNILL powder and add water to make paste.
- Apply paste on mouth lesions or apply FMDNILL powder directly 2 to 3 times a day (or) as advised by a Veterinarian.

**PRESENTATION : 1L**

## HBG RICH

Booster for RBC Increaser

### COMPOSITION

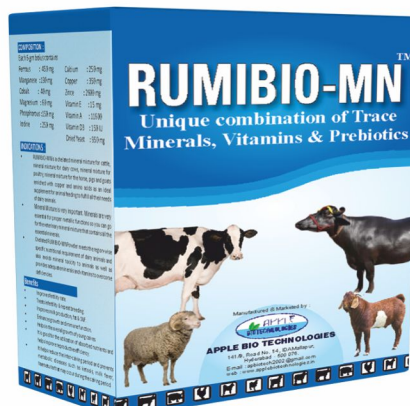

Malt Extract, Calcium Gluconate, Ferric Ammonium Citrate, Cobalt Chloride  
Vitamin -D3, Niacinamide, Biotin, Folic Acid

### BENEFITS

- HBG Rich Improves Immunity.
- HBG Rich improves efficiency to fight against to disease.
- Better reproduction by increasing Hemoglobin In Blood.
- Promotes Blood Quality and Quantity.
- HBG Helps Better Nutrition during Pregnancy Supportive therapy for Haemoprotozovan Disease.

### DOSAGE

- Cattle:25 ml/day
- Dog: 5-15 ml/day or as advised by a veterinarian.

**PRESENTATION : 5 Strips X 4 Bolus  
Powder : 500g & 1kg**

## RUMIBIO-MN

Unique combination of Trace  
Minerals, Vitamins & Prebiotics

### INDICATIONS

RUMIBIO-MN is a chelated mineral mixture for cattle, dairy cows, poultry, horse, pigs and goats enriched with copper and amino acids as an ideal supplement for animal feeding to fulfill all their needs of dairy animals.

### COMPOSITION

Each 6 gm bolus contains : Ferrous, Calcium, Manganese, Copper, Cobalt, Zinc, Magnesium, Vitamin E, Phosphorus, Vitamin A, Iodine, Vitamin D3, Dried Yeast

### BENEFITS

- Improves fertility rate.
- Treats infertility & repeat breeding.
- Improves milk production, fat & SNF.
- Enhances growth and immune function.
- Helps in the overall growth of young calves.

### DOSAGE

Cattle & Buffalo 1-2 Bolus daily for consecutive 10 Days  
Sheep & Goat 1/2 Bolus for consecutive 10 Days or as advised by a veterinarian.

**PRESENTATION : 200g, 500g**

## BACTOMIN

A Unique Combination of Probiotics with Minerals

### BENEFITS

- BACTOMIN Produces Variety of Enzymes Protease, Amylase, Lipase, Glycosidase which helps to improve the Digestion and enhances Feed efficiency.
- BACTOMIN Improves growth performance parameters mainly when challenged with enteric pathogens.
- BACTOMIN plays a important role to stimulate gut-associated system immunity by acting as a non-pathogenic microbial antigen and enhances the immune system.
- High consistency of product composition ensures reliable results.

### COMPOSITION

Bacillus Subtilis (1 Billion CFU/gm)  
Calcium propionate  
propionate C  
Calcium formate  
MOS

### DOSAGE

- For Feed 50-100 gm /100 Kg of Feed.
- Ruminants: 30gm/ Day per animal
- Small animals: 15 gm /day per animal (or) as advised by a Veterinarian.
